$$\frac{1}{2} \times 8 = 4$$

A good paragraph is group of sentences that together deal with single idea. In paragraph writing, paragraph should talk about a specific idea. When author wants to talk about thing other than this specific idea, he switches over to the paragraph. But there is logical development between the paragraphs. The sentences in a paragraph argue about idea and they also revolve around idea. This is called the unity of the paragraph.

- e.g. is a group
(a)
(b)
(c)
(d)
(e)
(f)
(g)
(h)
