22 March 2016

The Academic Sub Committee in its meeting on Monday 21 March 2016 has decided to consider the request for admission from Abqaiq and Rastanura as per the school rules. The Academic Sub Committee has decided that admission may be given to students from Class 3 and above as there are no schools functioning in Abqaiq and Rastanura. Regarding KG to Class 2 the parents are to be advised in order to organize their own facilities and required support shall be provided from the school. This decision is taken considering the safety and security aspects of the small kids while they are travelling long distance from these places in order to reach the school.
